Job Description

Part-Time Asthma Health Educator (20-24 hrs/week)

Organization: American Lung Association of California

Location: Emeryville, CA

Hours: 50%-60% FTE (20-24 hours per week) for 11 months.

Pay: \$16-\$21 per hr, depending on education and experience

Position Description: The American Lung Association of California is in need of a part-time asthma educator position. The position will be responsible for setting up and conducting group asthma education classes in public schools for children ages 8-12 with asthma, using a proven asthma education curriculum. School locations include Vallejo, Richmond, Berkeley, San Leandro, and San Lorenzo. The position is grant-funded for 11 months.

Qualifications: Bachelors degree required, with experience in health education, general education, community health, nursing, or public health. We are looking for someone with a lot of energy and persistence, and a dedication to children's health. Training on asthma is provided. Graduate students are welcome to apply.

Please send cover letter and resume to:
